## Specifications

Product name	Cot bed Polini kids Simple 140x70
Features	2-in-1 bed: a cot for a newborn converts into a bed for a child up to 7 y.o.
Material	Solid birch wood, Kronospan chipboard
Mattress size of the newborn's bed	140x70 cm
2 height of the newborn's bed base	For a baby aged 0-6 months: 50 cm (from the floor) a baby aged 6-12 months: 30 cm (from the floor)

## Absolute safety and comfort

The orthopedic base made of solid birch wood provides a good ventilation of the mattress and contributes to the proper development of a baby's spine

Special PVC rails protect baby's gums and teeth from damage

Rounded corners of the bed's backrest for additional safety: a baby can explore the world with no risk of injury

A children's bed which simplifies the baby care. We pay attention to every detail to ensure children's safety.

## Cot Bed Polini kids Simple 140x70

Mattress size: 140x70 cm

Aged  
0-6  
months

**50 cm**

Aged  
6-12  
months

**30 cm**

The springs remain inside the bed sides and are closed with special caps for children's safety.

A unique mechanism of side rails removing

Removable rails are marked with black dots on the sides.

The rails can be removed only by an adult by a strong upward pressing

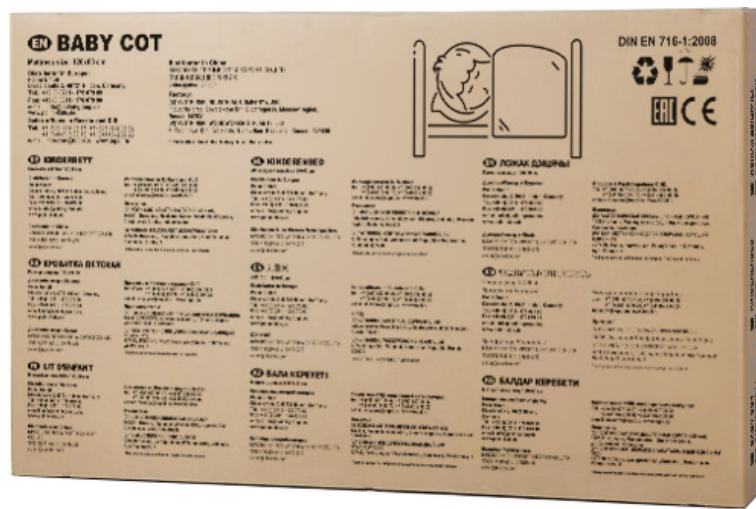

Aged 12-18 months, a baby will be able to use the bed by him/herself with no risk of falling while sleeping.

The cot is converted into a junior bed: just remove the slatted bed sides and the bottom parts of the backrests. This model can be used by a child aged 3-7 y.o.

Eco-friendly packaging. To avoid damaging, every detail is wrapped into a dense protective material.

## Bed for children aged 3+

Possibility to apply small protective sides with two mounting options
